David C. Lafferty

davidcl2@illinois.edu david0811.github.io DavidCLafferty david0811
4050-F Natural History Building, Urbana, IL, USA

EDUCATION

University of Illinois Urbana-Champaign *Jan 2019 – Present*
Ph.D. in Atmospheric Science

Ruprecht-Karls-Universität Heidelberg *Sep 2016 – Oct 2018*
M.Sc. in Physics

University of Glasgow *Sep 2012 – May 2016*
B.Sc. in Theoretical Physics

RESEARCH POSITIONS

University of Illinois Urbana-Champaign *Jan 2019 – Present*
Graduate Research Assistant, Department of Atmospheric Sciences

- Advisor: Ryan Sriver
- Research topics: uncertainty in coupled human-environment systems, multi-sector dynamics

Lawrence Livermore National Laboratory *May – Aug 2022*
Graduate Summer Student Intern, Climate Sciences

- Advisor: Hsi-Yen Ma
- Research topic: atmospheric feature tracking for precipitation extremes

Ruprecht-Karls-Universität Heidelberg *Nov 2017 – Oct 2018*
Graduate Research Assistant, Institute for Theoretical Physics

- Advisor: Alexander Rothkopf
- Research topic: heavy-ion collision phenomenology

PUBLICATIONS

5. (*submitted*) Wu, WY., Ma, HS., **Lafferty, D.C.**, Feng, Z., Ullrich, P., Tang, Q., Golaz, JC., Galea, D., Lee, HH., Assessment of Storm-Associated Precipitation and its Extremes using Observations and Climate Model Short-Range Hindcasts. *JGR Atmospheres* (2024)
4. (*in review*) **Lafferty, D.C.**, Sriver, R.L., Downscaling and bias-correction contribute considerable uncertainty to local climate projections in CMIP6 (2023) [10.22541/essoar.168286894.44910061]
3. Srikrishnan, V., **Lafferty, D.C.**, Wong, T.E., Lamontagne, J.R., Quinn, J.D., Sharma, S., Nusrat, J.M., Herman, J.D., Sriver, R.L., Morris, J.F., Lee, B.S., Uncertainty analysis in multi-sector systems: Considerations for risk analysis, projection, and planning for complex systems. *Earth's Future* (2022). [10.1029/2021EF002644]

2. **Lafferty, D.C.**, Sriver, R.L., Haqiqi, I., Hertel, T.W., Keller, K., Nicholas, R.E., Statistically bias-corrected and downscaled climate models underestimate the adverse effects of extreme heat on U.S. maize yields. *Commun Earth Environ* 2, 196 (2021). [10.1038/s43247-021-00266-9]

PRESENTATIONS

* denotes oral presentation; † denotes poster presentation

9. *(invited)* *Uncertainty in Natural Systems Components of MultiSector Dynamics Systems (2023), *Uncertainty Characterization & Quantification in MultiSector Dynamics Research*, Snowmass, CO.

8. †Downscaling and bias-correction contribute considerable uncertainty to local climate projections in CMIP6 (2023), *Interdisciplinary Workshop on Weather and Climate Extremes*, Clemson, SC. [Poster]

7. *Uncertainty in the Representation of Climate Extremes Across Downscaled and Bias-Corrected CMIP Model Ensembles (2022), *AGU Fall Meeting*, Chicago, IL. [Slides]

6. *Characterizing uncertainties in the crop switching decision problem for U.S. agriculture (2021), *AGU Fall Meeting*, Virtual.

5. †Statistically bias-corrected and downscaled climate models underestimate the adverse effects of extreme heat on U.S. maize yields (2021), *AGU Fall Meeting*, Virtual. [Poster]

4. †Statistically bias-corrected and downscaled climate models underestimate the adverse effects of extreme heat on U.S. maize yields (2021), *Midwest Student Conference on Atmospheric Research*, Virtual.

3. *Uncertainties in driving agricultural models with bias-corrected and downscaled climate information (2020), *AGU Fall Meeting*, Virtual.

2. †Uncertainties in driving agricultural models with bias-corrected and downscaled climate information (2020), *Graduate Climate Conference*, Virtual.

1. †Climate uncertainty in agricultural modeling: the effects of downscaling and bias-correction (2019), *AGU Fall Meeting*, San Francisco, CA.

SERVICE

- **Board Member** of the MultiSector Dynamics Working Group on Uncertainty Quantification and Scenario Development, 2021-2023
- **Mentor** to first year graduate students in the Department of Atmospheric Sciences at the University of Illinois, 2020-2023
- **Secretary** of the Department of Atmospheric Sciences Graduate Student Organization, 2021-2022
- **Co-Chair** of the Midwest Student Conference on Atmospheric Research, University of Illinois, 2020

TEACHING EXPERIENCE

ATMS 421: Earth System Modeling *Fall 2019*
University of Illinois Urbana-Champaign

- Graded monthly homework exercises for 29 students, held weekly office hours, assisted students during twice-weekly computer lab sessions

ATMS 201: General Physical Meteorology *Fall 2019*
University of Illinois Urbana-Champaign

- Graded weekly homework exercises for 23 students and held weekly office hours

ATMS 120: Severe and Hazardous Weather *Summer 2019*
University of Illinois Urbana-Champaign

- Graded weekly homework exercises for 121 students

AWARDS & HONORS

- 1st Place Graduate Student Poster, Midwest Student Conference on Atmospheric Research *2021*
- University of Illinois Liberal Arts & Sciences COVID-19 Impact Award *2020*
- *(team)* Award for Advancing Reproducible Geospatial Research *2019*
  UCGIS-CyberGIS Center at University of Illinois Urbana-Champaign
- DAAD Study Scholarship for Graduates of All Disciplines *2016 – 2018*

TECHNICAL SKILLS

Programming	Python, R, Mathematica, LaTeX, Bash
Languages	English (native), German (limited working proficiency)
